

ONGO®Meet - for meetings on demand

Short meetings while walking or standing are much more productive than prolonged sitting around. That's the idea behind ONGO®Meet. An elongated standing table on castors, around which a spontaneous Monday morning catch-up can easily be held or where colleagues can meet over coffee. And if it needs to take longer, you can quickly pull up a couple of ONGO® stools. Despite its stable solid oak frame, the ONGO®Meet can be easily rolled from A to B on its four double wheels. So light that you can even take several stools with you at the same time.
